

Exclusive Law Office Partnership

Our Legal Escalation Model is a Game Changer.

The Normal Escalation Model:

- Legal escalation delayed after collection efforts exhausted.
- The debt has continued to age, often by another 60-90 days.
- Debtor often assumes that client is not serious.
- Normally a fee of 15% is applied.
- Generally lower recoveries and lower client net back.

The Debtor clearly sees the clients' commitment to escalation and resolution.
